

TGR LEARNING LAB FALL 1 2018 MEMBER APPLICATION

August 27 – October 10
Application Deadline: **August 17, 2018**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's seven-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- Step 1: Select your course(s) and write a Personal Statement
- Step 2: Complete the Registration Form
- Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab
One Tiger Woods Way
Anaheim, CA 92801

Thank you. We hope to see you at the TGR Learning Lab.

TGR LEARNING LAB MEMBER BENEFITS

ACADEMIC SUPPORT

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

Hours

Monday – Thursday
2:30 – 6:00 p.m.

GOLF PROGRAM

TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

Hours

Monday – Thursday
2:30 – 6:00 p.m.

Saturday
9:00 a.m. – 4:00 p.m.

GRADES 7-12

Monday/Wednesday

Exploring Biomedical Careers

Are you interested in applying your passion for science to improve people's health and well-being? Through hands-on activities and games, we will explore the anatomy of the human body, the cause and spread of diseases and the wide variety of careers in health care. You will walk away with a better understanding of how you can help yourself and others live a healthy life.

Graphic Design

Do you enjoy drawing or manipulating images? Do you have fun creating posters to help promote school activities? Maybe you should consider becoming a graphic designer. A graphic designer creates visual designs for billboards, magazine covers and other marketing materials. In this course, members will learn Adobe Photoshop and Illustrator. Using these software programs, members will be tasked with completing several graphic design projects based on marketing and promotion.

Intro to Hip Hop

Open to students at all levels, this class will help you discover your own hip hop "swagger" and refine your skills as a dancer. Perform a dance routine with other students and learn how to create your own choreography.

Power of Chemistry

We are constantly surrounded by solids, liquids and gases that chemically react on earth, in our homes and in our bodies. Experiment with common chemicals to learn about physical and chemical changes while creating something new. Come see, hear and feel the science of chemistry.

Under Par Golf

Develop shot-making ability around the greens that are necessary to shoot low scores. Creativity and imagination are a MUST! Practice the fundamentals of putting, chipping, pitching and sand play. Learn how to read it, roll it and hole it! This class is perfect for competitive golfers who play tournaments and/or high school golf matches.

GRADES 7-12

Tuesday/Thursday

EV3 Robotics

Ever wonder what it would be like to build and create your own robot? Well wonder no more! In this class you will have the opportunity to exercise your creative mind to design and build robots for different challenges. You will participate in the dragster race, sumo challenge, maze competition and much more.

Peak Performance

Are you an aspiring golfer who wants to play high school or college golf? Maybe even play professional golf someday? This is the class for you! This advanced golf class will have you learning and trying new things so you can get to the top. You will learn what it takes both mentally and physically to achieve your goals. You will see huge strides in your game through drills, exercises and expert analysis.

Universal Science

Science is all around us. Discover physical and life sciences in a fun, interactive environment. Catch bugs, classify and dissect organisms, make your own ice cream, play with dry ice and explore the composition of planets. You'll never look at science the same way again.

Wearable Electronics

Are you ready to explore the world of engineering and design? Fashion is all around us and is something that we live in. What if you could design the next big thing in wearable electronics? What is "tinkering" and how does it relate to engineering and design? Participate in hands-on activities that allow you to explore tools and materials, take things apart and build unique, one-of-a-kind art that's part science and part technology.

GRADES 7-12

Monday/Wednesday or Tuesday/Thursday

Video Game Design

Ever wondered how the games you play are created? Travel through the world of video game design and create your very own 2D video game using Clickteam Fusion 2.5. Whether you are designing levels or developing sprite animations for your characters, you'll become familiar with the many unique elements in creating an exciting game. Explore several different careers in video game design and bring your creative ideas into the gaming arena!

Application

At the TGR Learning Lab, we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a seven-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 6:00 p.m. Courses begin at 4:00 p.m. and end at 6:00 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 6:00 p.m. ***Please note that incomplete applications will not be accepted.**

Please indicate your top 5 course selections: (place a 1 - 5 on the line)
